

# Bradley's Fabulous Fifth Graders

[www.dbradley.weebly.com](http://www.dbradley.weebly.com)

## Welcome to fifth grade!!

I think we had a good first week! Please feel free to contact me if you have any questions or concerns.

This is my plan for our classroom this week:

### Reading

Introduction to reading workshop. I will begin conferencing with students individually to get to know them as readers.

We will begin our first read-aloud book.

### Writing

We will complete our beginning of year writing evaluations, and work on our goals for the first quarter.

### Math

Begin Unit 1.

Mastery of multiplication facts is essential for success in fifth grade math. Please work with your child on mastering their facts if needed.

### PYP

We will begin our first unit of inquiry: How We Express Ourselves

### Central Idea:

The expression of ideas can take many forms and may spark a change in perspective.

### Lines of Inquiry:

- Technical aspects of photography
- The purpose of different genres
- How images influence perspective
- Making choices about what is important

## Other news....

Please visit our classroom website: [www.dbradley.weebly.com](http://www.dbradley.weebly.com)  
It's a great way to keep up on what's going on in our classroom. You will also find links to parent resources.

Please return any forms at your earliest convenience

### Reminders

- \$30— classroom field trips (for school year) (checks payable to Field PTA)

### Issue 2

August 18, 2014
